Wood Paneling

This technique adds a sophisticated touch to any space. Ideal for creating focal points in the home and outdoors.

Prices vary depending on the wall size, ranging from \$700 to \$1,000.

Floating Furniture

Floating furniture is an elegant and practical way to utilize space.

Our furniture is designed and crafted from fine Samán wood.

We also create compositions, allowing the customer to design and combine effects such as wood paneling and floating furniture.

Rustic Mirrors

Our mirror designs use the natural elements of wood to add a rustic touch to your home.

The finish can be "smooth," giving the wood a sleek appearance, or "live edge," preserving all the natural wood indentations

Dining and Outdoor Tables

Our dining and outdoor table designs are crafted from fine woods.

We use the "live edge" technique to preserve the natural edges and indentations of the wood.

Our tables are treated to ensure their durability for generations.

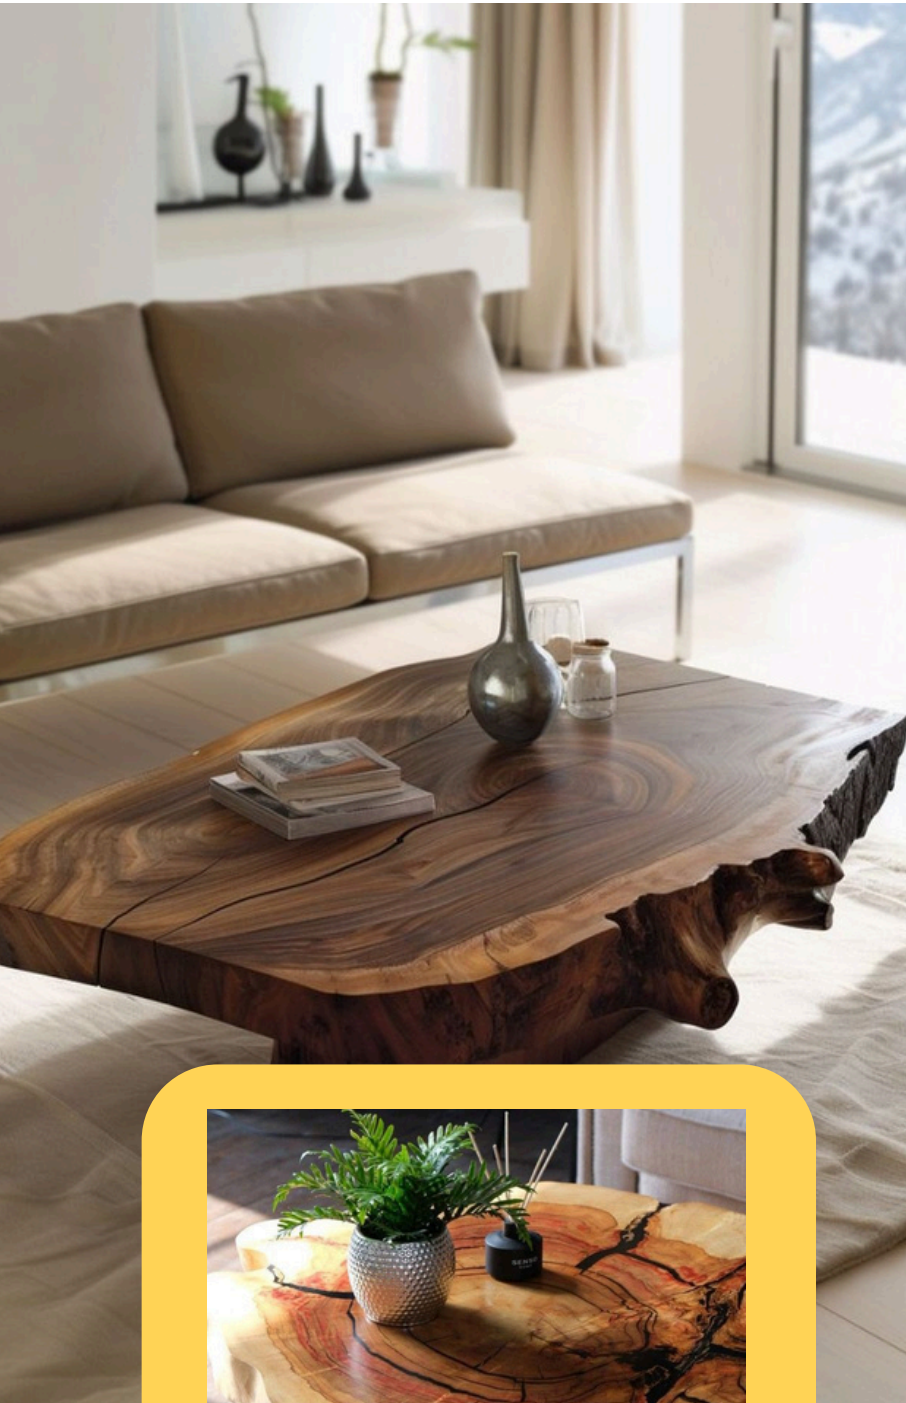

Decorative Tables

Our tables are decorative pieces that add warmth to any space.

Whether used to center a space or placed near the sofa to rest your book or drink, these are practical and stylish pieces that will last for generations in your home.

Prices

We craft our products with attention to detail and the highest quality. We use wood from sustainable plantations, helping to conserve nature.

We work with various types of fine, durable wood:

- Teak
- Canelo
- Cocobolo
- Chanul, Quinilla colorada
- Sande (Palo de vaca, Guaimaro, Takina)
- Cedrela (Cedro de castilla)
- Samán (Samanea)

Prices:

The final price depends on the dimensions of the project. All designs can be customized and combined according to the space you want to transform. We also sell wholesale, with exclusive prices for resellers.

- Wood panels: between \$700 - \$1,000 USD
- Rustic mirrors: between \$200 - \$500 USD
- Floating furniture: between \$250 - \$500 USD
- Dining tables: between \$700 - \$2,500 USD
- Decorative tables: between \$500 - \$800 USD
